

DIFFERENT MEDIUMS // SAME THEME

The purpose of this portfolio builder is to show experience and experimentation with various mediums. The strength of concentrating and drawing from real life is fundamental in accordance to show-case skill.

Materials: drawing paper (white & black), pencils, water colours, white pencils / or pens. Or scraffetto sheets.

Objectives:

1. Be able to develop their hand - "minds eye" coordination.
2. Demonstrate the ability to extend the same theme 'hand' across various styles.
3. Show confidence and deliberate use of line and color to express a piece of work.
5. Explore the variation of materials used to make the lines.

Procedure:

1. Students are to draw their hand on two pages of the diary. By carefully observing the negative space around it.

HAND A

- 2a. Students then, use water color and small brushes to paint and blend going from one opposing side of the color wheel each time.
- 3a. Allow water colour to dry.
- 4a. Draw over the pencil markings with fine point nikko.

HAND B

- 2b. Students are to use line to contour their hand shapes (see map contours as examples).
5. Trace hand ensuring fingers are apart.
6. Use measure each side of the paper and mark out every ½ inch.
7. Draw (very lightly) you may use a ruler from one side to the other, curve the marking when you reach the hand, and curve back to show contour of the shape.
8. Use gradient shading on the outside of the hand to indicate depth and shadow.
9. Find some tumblr quotes you like to add and write on the inside. See example.
10. If everything looks right, then go over with pen / coloured pencil.
